## About the General Osteopathic Council

The General Osteopathic Council (GOsC) has a statutory duty to develop and regulate the profession of osteopathy with an overarching function of 'protection of the public'.

The core functions of the GOsC are:

- Setting and promoting high standards of osteopathic practice and conduct.
- Helping patients with concerns about osteopaths and, where necessary, dealing with those concerns which can result in restrictions or removal of osteopaths from the Register.

In order to fulfil our statutory objectives, the work of the GOsC is guided by our Strategic Plan 2019-24, which sets out our strategic goals and how we plan to implement these:

- **Strategic goal 1:** We will support the osteopathic profession to deliver high quality care, which will protect patients and the public in the context of changes in the dynamic landscape of healthcare.
- **Strategic goal 2:** We will develop our assurance of osteopathic education to produce high quality graduates who are ready to practise.
- **Strategic goal 3:** We will build closer relationships with the public and the profession based on trust and transparency.
- **Strategic goal 4:** We will be an exemplar in modern healthcare regulation – accessible, effective, innovative, agile, proportionate and reflective.

Please note that we are currently developing our new Strategy for 2024-30.

To learn more about our strategic goals, please review the corporate documents available at: [osteopathy.org.uk](https://osteopathy.org.uk), including the [GOsC Strategic Plan](#) and our [Annual Reports](#).
