Health Committee

(Statutory committee)

The Health Committee considers cases in which an osteopath is alleged to be in poor physical or mental health. If the allegation is upheld, appropriate action is taken in the interests of the public and the osteopath.

It consists of 11 members, who are not Council members and are appointed by the Appointments Commission. The panels that hear individual cases consist of five people, three lay and two osteopaths, drawn from members of this committee.
