Application for Registration with the General Osteopathic Council

S3 Osteopaths Act 1993

Rule 4 of the (Application for Registration and Fees) Rules 2000.

This Application Form is designed to meet the Rules made pursuant to the *Osteopaths Act 1993* which state that an application for registration shall be in writing and on the forms specified by these Rules, and that sufficient information be provided to the Registrar so that an application for registration can be properly determined in accordance with the requirements of the *Osteopaths Act*. You MUST provide evidence that you have obtained a Recognised Qualification (RQ).

Accompanying this form are two further forms requesting references in support of your application - a health reference and a character reference. In order to process your application as speedily as possible you should ensure that these two reference forms are completed and returned to us without delay.

Applicants are reminded that any entry to the Register which is fraudulently procured will result in an investigation by the Registrar who will make a report to the General Council (GOsC). Any such fraudulently procured registration may result in your immediate suspension and ultimate removal from the Register and/or the initiation of criminal proceedings.

NOTES ON COMPLETING THE FORM

If you do not provide evidence of holding an RQ, this will hold up the processing of your application.

Your character and health references must not be provided by the same person.

Please allow up to five working days for your application to be processed once all required documentation has been received.

I declare that all information supplied in support of my application to register with the General Osteopathic Council (GOsC) is, to the best of my knowledge, accurate and true. I understand that the Registrar may take steps to verify any information supplied by me in support of my application. Any unsigned form will be returned to the applicant.
