Financial Report 2021-22 (two months to May 2022)

Key messages from the report:

- Income and expenditure levels are consistent with our expectations for the two months to 31 May 2022.
- The Balance Sheet is in a strong position meaning we can face future challenges from a position of financial health.
- Cash at bank is up on the year-end position reflecting that we have a number of registrants renewing their registration and paying in full.
- The investment portfolio has recovered and stabilised following a period of market volatility during the early part of the pandemic.

Background information

- 1. The General Osteopathic Council's current financial year commenced on 1 April 2022 and will conclude on 31 March 2023. In this report it will be described as FY2022-23.
- 2. The budget for FY2022-23 was approved by Council in February 2022.
- 3. Council receives a financial report at each meeting which presents the cumulative financial results for a given period. Where possible, the reports try to cover quarterly periods within the financial year.
- 4. In circumstances where the Council papers are being dispatched close to the end of a quarter, it may not always be possible for the financial report to cover the full period. To give Council more robust financial information, we may from time to time shorten the reporting period and issue reports outside of the Council meeting cycle.

| | Start | End |
|-----------|-----------|--------------|
| Quarter 1 | 1 April | 30 June |
| Quarter 2 | 1 July | 30 September |
| Quarter 3 | 1 October | 31 December |
| Quarter 4 | 1 January | 31 March |

5. The financial quarters are as follows:

6. This financial report covers the period ending 31 May 2022, which is two months into the financial year.

- 7. The structure of this report is:
 - Summary of financial position income/expenditure narrative
 - Income and Expenditure Account (top-level department summary)
 - Balance Sheet, including explanatory notes
 - Cash flow: overview and projection
 - Annex A: Expenditure Account (detailed departmental summaries)

Summary of financial position

8. This report covers the two-month period from 1 April 2022 to 31 May 2022. The accounts show a surplus (before spending from reserves) of £133k against a budgeted surplus of £129k for the same period.

Income

- 9. The primary source of income is from registration fees paid by osteopaths. The GOsC does not have a single registration date meaning that in every month there is a proportion of osteopaths due to renew their registration. In accordance with accounting rules we need to ensure that we account for, and report, only the proportion of the fee relevant to the financial period.
- 10. At 31 May 2022, income totalled circa £571k, which is roughly in line with our budget forecast for the same period. Registration fees accounted for 99.9% of the total income received.

Expenditure

- 11. At the two-month position we have recorded actual expenditure of £438k meaning spending is roughly in line with the budget forecasts, before designated spending from reserves.
- 12. Expenditure is marginally below the predicted forecast, with a spend of 15% of the FY budget. We have not made any changes to the year-end forecast at this stage, but we will report to Council on our forecasted position as the year progresses.

Balance Sheet explanatory notes

Debtors

17. At the 31 May 2022, the total of Debtors had increased to \pounds 729k from the yearend position of \pounds 384k. This increase is in line with expectations. The reason for

Annex B to Item 7

the increase is because 'registration fee debtors' spikes as the majority of the register renew their registration in the opening half of the financial year. The debtors figure will decrease as the financial year progresses.

Creditors

18. At the 31 May 2022, the total of Creditors has also increased to £1.42m from the year-end position of £1.14m. Again, this is in line with expectations. The reason for the increase is because of deferred income, which is the proportion of registration fees invoiced but not yet recognised in the accounts. As registration fees which have been invoiced are recognised in the accounts, the total of creditors will decrease as the financial year progresses.

Cash flow and investments

- 19. Council closely monitors its cashflow and reserves. The following section provides an overview of the cash flow position and current cash flow projection.
- 20. At 31 March 2022, the bank balance was £825k. At 31 May 2021, the bank balance was £842k, an increase of £17k. The reason for the increase is that we have a cyclical registration year, so a larger number of registrants are renewing their registration now and paying in full, which means an increase in the cash balance.

Investment portfolio

21. At 31 May 2022, the investment stood at £1.25m. There is fuller investment and reserve paper on the July 2022 Council agenda.

Charity Commission reporting

- 22. As well as being a statutory regulator, the GOsC is also a registered charity, and there are certain circumstances where we must make reports to the Charity Commission, including for example, serious adverse events such as significant reduction in income.
- 23. We do not foresee any need to make a report to the Charity Commission during financial year 2021-22.

Departmental Expenditure Accounts

1. The individual departmental accounts are listed below with further narrative to support each business area. While the report would not normally comment on employment costs, due to the unprecedented nature of the pandemic, a short narrative is provided.

Employment costs

2. Employment costs include those expenses associated with pay, pensions, recruitment and staff training.

Education and professional standards

3. The two-month position reports that a total expenditure of £9.2k has been incurred against a budget allocation of the same amount. Historically most of the departmental spend happens in the latter months of the financial year and we expect FY2022-23 to be the same.

Communications, research and development

| Total | 15,193 | 16,400 | 1,207 | 204,250 | 204,250 |

- 4. Expenditure of £15.2 k is just below budget.
- 5. The total cost of research activities is £10.5k which is made up of the GOsC contribution to the National Council for Osteopathic Research (NCOR) (£4.4k) and the cost of the subscription to the International Journal of Osteopathic Medicine (IJOM) (£6.1k). These activities support the delivery of our statutory responsibility to develop the profession.

Registration administration

| | Year to Date 1 April 2022 – 31 May 2022 | | | | |
|------------------------------------|--|--------|----------------------------|--------------|----------------|
| | Actual | Budget | Variance from budget | FY Budget | FY Forecast |

| Total | 4,753 | 4,700 | (53) | 10,000 | 10,000 |

6. The two-month position for Registration administration is marginally over budget. The cost of registration assessments is offset by the fees paid by applicants applying for registration.

- 8. Statutory committee costs represent 100% of the department expenditure and reflect the work of the Investigating, Professional Conduct and Health Committees at the two-month position. Council members are aware that this area of business represents the most significant area of risk to the expenditure forecasts in terms of volatility.
- 9. The events that we currently have scheduled for the next four months are:

| June 2022 | July 2022 |
|-----------------------------------|---|
| 3 x1 day IC Meetings | 1 x5 day PCC substantive hearing |
| 2 x1 day ICISO hearings | 1 x1 day PCC substantive review hearing |
| August 2022 | September 2022 |
| 1 x6 day PCC substantive hearings | 1 x6 day PCC substantive hearing |

- 2 x1 day IC Meetings 1 x1 day IC meeting 0. We have a good understanding of unit costs per day for I
- 10. We have a good understanding of unit costs per day for IC, HC and PCC hearings, along with the associated legal costs for cases held in Osteopathy House. However, these cost units will change, as we continue to use online technology to host meetings. We will keep this cost under close review.

| Total | 27,161 | 27,450 | 289 | 153,000 | 153,000 |

11. Honorarium and responsibility allowances of £16.5k represent 61% of the total expenditure for the opening two-months. We will be incurring a greater level of expenditure in this area within the next quarter as we begin recruitment campaigns to fill arising vacancies within the governance structure.

Administration and establishment

| Total | 42,185 | 42,310 | 125 | 257,400 | 257,400 |

12. The three main areas of expenditure within Administration and establishment are the cost of premises – rates and service contracts – (£16.9k) – office administration – insurance, postage, photocopying – (£9.8k) - and depreciation -(11k). These areas represent 63% of the total expenditure at the two-month position. 13. As we return to a hybrid way of office working, we will need to monitor our expenditure patterns to ensure that we have made the correct assumptions about office expenditure when setting the budget. We will advise Council as the year progresses.
