General
Osteopathic
Council

Welcome from the Chair of Council

Thank you for your interest in joining the General Osteopathic Council (GOsC) as a member of the Professional Conduct Committee and Health Committee.

A core role for the GOsC is ensuring the protection of the public and our independent fitness to practise panels are critical in achieving this. The composition of those panels is of particular importance and we are keen to ensure we attract applicants who can bring a range of transferrable skills and appropriate experience to our work.

The GOsC has a proud history of high performance, meeting the Standards of Good Regulation, as assessed by the Professional Standards Authority for Health and Social Care, for twelve consecutive years. We believe this reflects our collaborative and innovative approach to regulation, built upon a foundation of good governance, and we want to ensure we continue to further enhance our performance.

Through this recruitment exercise, we will be looking for candidates who can contribute to our ongoing development, ensuring that our fitness to practise procedures remain at the forefront of regulatory innovation and that at all times our procedures remain robust, independent and fair.

This information pack provides details about the roles and what the GOsC is seeking from our successful candidates. As a Council, we believe that diversity is a strength, and therefore we welcome applications from a range of individuals who might be interested in joining the Professional Conduct Committee and Health Committee.

Thank you again for your interest and I very much hope you will consider applying.

Dr Bill Gunnyeon CBE
Chair of Council

General
Osteopathic
Council

Welcome from the Professional Conduct Committee and Health Committee Chair

As Chair of both the Professional Conduct Committee and Health Committee, I would like to thank you for expressing an interest in joining us as either an osteopath or lay member.

As you may have read in the letter from the Chair of Council, GOsC has a long and proud record of high performance as a regulatory body. I have no hesitation in saying that both committees, along with our Investigating Committee colleagues, play a significant part in that success story.

Work in healthcare regulation is both hugely rewarding and, at times, challenging. Our committee members come from a very wide range of backgrounds; what binds us together is our single-minded focus on protecting patients and the public, by upholding standards in the profession. We value the independence of the committees as independent decision-making bodies and work hard to make our hearings both fair and accessible to everyone who participates in them.

You would be joining a small team (in comparison with other regulatory bodies), with a well-developed emphasis on teamwork, development and support. As well as an annual mandatory training day, we hold regular online catch up calls for members and annual development reviews. A key part of my role is to provide support when it is needed, for both experienced and new members. Since joining the committees in 2021, I have found my work here enormously enjoyable and rewarding.

I wish you well in the recruitment process and once again thank you for expressing an interest in joining our team.

Introduction

Thank you for your interest in these roles.

The General Osteopathic Council (GOsC) is the regulator for osteopathic practice in the UK. Its purpose is to protect the public by ensuring high standards of education, practice and conduct among osteopaths and the integrity of the statutory Register. Osteopaths are required to be registered with the GOsC and there are just over 5,400 osteopaths on the Register today.

The GOsC is also a charity registered in England and Wales (1172749).

The role

We are currently recruiting for six roles to join the Profession Conduct Committee (PCC) and Health Committee (HC). The PCC hears and adjudicates concerns referred to it by the Investigating Committee (IC) relating to professional misconduct, incompetence or where an osteopath is convicted of a criminal offence. PCC members also sit on the HC which considers cases where an osteopath's health may impair their ability to practise. The roles are:

- three osteopath members
- three lay members

All lay members will be expected to occasionally sit as a Panel Chair. Training and support will be provided to facilitate this happening.

From 1 April 2023 the daily attendance fee will be £320. This will increase to £330 in April 2024. Additionally, Lay Panel Chairs receive a payment of £50 per day in recognition of the responsibility of Chairing a panel.

There is also more information about the role on page 6 and more about the GOsC on page 8.

Equality, Diversity and Inclusion

The General Osteopathic Council (GOsC) considers diversity to be a strength. We wish to encourage applications from the widest possible field of candidates including individuals from all four UK nations. This is to help us reflect UK society and achieve geographical diversity.

We value and promote diversity and are committed to equality of opportunity for all. All appointments are made on merit. We believe that for any organisation to be successful, it needs to work with the most talented and diverse people available. We positively encourage applications from people from all communities and backgrounds with a broad range of experience. We will deal with your application fairly and all decisions we make about it will be based on merit and your ability to meet the person specification.

Please note that the information in Application form 2 is anonymised before being given to the selection panel for shortlisting. This is to avoid the panellists making any conscious or unconscious assumptions about you based on your application. To assist with this, please also ensure that in Application form 2, in the sections where you set out your transferrable knowledge, skills and behaviours against each competency, that you do not include any identifiable personal information such as your name, who you are, or any protected characteristics.

The GOsC is committed to the principles of equality, diversity and inclusiveness and the Council is determined to ensure that its structure, including Committee appointments, reflects that commitment.

The process is expected to run as follows:

- Application closing date 11:30am Wednesday 3 May 2023
- Shortlisting complete by End of Aug 2023
- Online Information Event Wednesday 19 April 2023, 6pm-7pm
- Interviews to be held in person Thursday 21 September 2023,

About the Professional Conduct Committee and Health Committee

An important part of our work at the GOsC is dealing with concerns and complaints about osteopaths.

Concerns may come from:

- members of the public, including patients
- other osteopaths
- employers of osteopaths
- students of osteopathy
- other health professionals

When we receive a concern, it is considered carefully to see whether it is a concern we can investigate. If so, it goes to the [Investigating Committee](#), which will look at the evidence and decide whether there is enough to take the concern forward to a hearing by the Professional Conduct Committee.

Panels to consider such concerns will be drawn from the members of the IC. If an investigating panel concludes that there is a case to answer, it will provide reasons for its decision for referral to the Professional Conduct Committee or Health Committee, as appropriate, depending on the nature of the concern. The Investigating Committee also has powers to impose interim suspension orders in relation to osteopaths.

The PCC and HC comprised of the same 18 members: 11 lay (non osteopath) and 7 osteopath members. Members are also appointed to the HC. One lay member is appointed as PPC and HC Chair; All lay members will be expected to sit occasionally as Panel Chairs. Training and support will be provided to facilitate this happening.

PCC panel members consider and hear concerns about osteopaths relating to professional misconduct; incompetence; where an osteopath is convicted of a criminal offence; or (as the HC) where there is an allegation of ill health leading to impairment of ability to practise.

Where a concern of personal or professional misconduct, or incompetence is upheld, or where there is a criminal offence against an osteopath, the following sanctions may be imposed:

- admonishment
- a 'conditions of practice' order
- suspension of an osteopath's registration
- removal of an osteopath from the Register

Where a health-related concern against an osteopath is upheld, a 'conditions of practice' order may be imposed or the osteopath's registration may be suspended.

Further information can be found in the [Annual Fitness to Practise Report](#).

Role of Professional Conduct Committee and Health Committee members

Members of the PCC and HC are expected to:

- Be able and willing to attend meetings and carry out the work of the PCC and the HC both in-person and online as required.
- Read and assimilate case papers quickly and effectively.
- Attend hearings of allegations made against osteopaths, taking into account both written and oral evidence.
- Display tact, discretion and common sense in dealing with all parties to a hearing.
- Weigh all the evidence to reach an objective and fair decision on the allegations before the Committee.
- Consider submissions on behalf of the parties in relation to the sanction to be imposed, where relevant, and impose a fair and proportionate sanction.
- Consider whether suspension of the osteopath is required on an interim basis, to safeguard patients before the outcome of any proceedings is known.
- Contribute to and abide by their Committee's collective decisions.
- Participate fully in periodic reviews of proceedings aimed at improving procedures.
- Participate in annual appraisals with Committee Chair.
- Participate in training programmes designed for fitness to practise panellists and report any additional training needs to the Committee Chair.

About the General Osteopathic Council

The General Osteopathic Council (GOsC) has a statutory duty to develop and regulate the profession of osteopathy with an overarching function of 'protection of the public'.

The core functions of the GOsC are:

- Assuring the quality of osteopathic education and training for osteopathic students and education providers.
- Registering qualified professionals on an annual basis and ensuring their continuing fitness to practise as osteopaths.
- Setting and promoting high standards of osteopathic practice and conduct.
- Helping patients with concerns about osteopaths and, where necessary, dealing with those concerns which can result in restrictions or removal of osteopaths from the Register.

In order to fulfil our statutory objectives, the work of the GOsC is guided by our Strategic Plan 2019-24, which sets out our strategic goals and how we plan to implement these:

- **Strategic goal 1:** We will support the osteopathic profession to deliver high quality care, which will protect patients and the public in the context of changes in the dynamic landscape of healthcare.
- **Strategic goal 2:** We will develop our assurance of osteopathic education to produce high quality graduates who are ready to practise.
- **Strategic goal 3:** We will build closer relationships with the public and the profession based on trust and transparency.
- **Strategic goal 4:** We will be an exemplar in modern healthcare regulation – accessible, effective, innovative, agile, proportionate and reflective.

To learn more about our strategic goals, please review the corporate documents available at: osteopathy.org.uk, including the [GOsC Strategic Plan](#) and our [Annual Reports](#).

Key principles

The GOsC is committed to conducting all its activities as a regulator and an employer based on the following key principles:

- **Proportionality:** We will ensure that the regulatory burden is no greater than it needs to be to deliver our statutory duty, focusing our resources on areas of risk to public protection and where there is scope to achieve the most in terms of improving standards of osteopathic practice.
- **Fairness:** We will be consistent in the development and application of our policies and procedures in order to ensure fairness, with the aims of promoting equality, valuing diversity and removing any unfair discrimination.

- **Accountability:** We will publicise our actions and decisions, wherever possible, ensuring that the information is clearly explained and easily accessible. We will explain how we have taken our stakeholders' views into consideration in developing policy and in improving our performance. Council will seek to exemplify high standards of governance.
- **Anticipation:** We will monitor trends in healthcare, regulation, osteopathic practice and education, in order to respond effectively to change and to support the osteopathic profession to respond accordingly.
- **Inclusivity:** We will respond to the needs of patients, the public, osteopaths and other stakeholders, taking their views into account in deciding the most effective way to carry out our regulatory functions, and work in partnership with others, where appropriate, to achieve our goals.
- **Efficiency:** We will foster a culture of innovation and continuous improvement, taking steps to benchmark our performance periodically and setting targets to achieve best practice. We will use our resources efficiently, seeking to achieve further efficiencies without compromising the quality of our work.

Eligibility

We are looking to appoint three lay members and three osteopath members to the PCC and HC. All lay members will be expected to sit occasionally as a Panel Chair. Training and support will be provided to facilitate this.

By law the position of Panel Chair is not open to osteopaths. Lay members are defined as members who:

- a. are not and have never been osteopaths
- b. do not hold qualifications which would entitle them to apply for registration under the Osteopaths Act 1993

In addition, all GOsC posts are subject to the disqualification criteria outlined in [Appendix 3](#), you will need to check these to make sure you are allowed to apply for this role.

On appointment

Payment

From 1 April 2023 the daily attendance fee will be £320. This will increase to £330 in April 2024. Additionally, Lay Panel Chairs receive a payment of £50 per day in recognition of the responsibility of Chairing a panel.

PCC members and HC members are reimbursed directly and must make their own arrangements for any payment of tax or National Insurance contributions.

Those appointed will also be eligible to claim expenses, at rates set centrally by the Council, for travel and subsistence costs necessarily incurred on GOsC business. Remuneration and expenses are reviewed periodically.

Warning: impact of appointment on people in receipt of benefits. Your appointment may have an effect on your entitlement to benefits. If you are in receipt of benefits you should seek appropriate advice.

Time commitment

Members of the PCC and HC sit for a combined total of up to 20 days a year depending on caseload (plus extra time for mandatory training, reading and attending to administrative matters for example appraisals).

Length of appointment

The initial appointment is expected to be for up to four years. The length varies to avoid all members of a particular Committee leaving at the same time. Candidates will be advised of their length of appointment if chosen for the role.

Reappointments can be made at the end of the first period of appointment for a further period not exceeding four years, subject to consistently high performance and the needs of the GOsC. There should be no expectation of automatic reappointment.

No person may serve on the PCC for longer than a total of eight years.

Location

Hearings and meetings are usually held at the General Osteopathic Council offices in London, although they may be held remotely where appropriate. We will ensure that all meetings are inclusive and accessible.

Occasional travel to other locations may be required.

Flexibility

The work of the PCC and the HC will be a mix of in-person and online. You will need to be able and willing to do both as required.

Training

Appropriate training for committee members will be provided. Successful candidates will be required to attend induction and training on dates to be arranged as soon as possible after appointment.

Appraisal system

All committee members will be required to take part in the GOsC's appraisal system and will receive appropriate training. Details of the appraisal process can be found in the [GOsC Governance Handbook](#).

Standards in public life

You will be expected to demonstrate high standards of corporate and personal conduct. This includes behaving in accordance with the standards of probity ('the quality of being honest and behaving correctly') required by public appointees outlined in the 'Seven Principles of Public Life' set out by the Committee on Standards in Public Life ([see Appendix 2](#)), the GOsC Code of Conduct and other requirements outlined in the [GOsC Governance Handbook](#)

You should be aware that this post is a public appointment or 'statutory office' rather than a job, and therefore is not subject to employment law.

Due diligence

Checks may be undertaken as follows:

- fitness to practise history and whether this will undermine the confidence in the regulator if the candidate were appointed
- removal as a charity trustee
- roles with or associated to the GOsC
- disqualification from being a company director
- being declared bankrupt
- any convictions
- risk assessment of output on social media
- DBS checks
- for all candidates invited to final panel interviews, references and right to work in the UK checks are compulsory

Disqualification from appointment

There are circumstances in which an individual will not be considered for appointment and these are set out in Section 12 of The General Osteopathic Council (Constitution of the Statutory Committees) Rules Order of Council 2009. For more information, please see [Appendix 3](#).

Further advice about disqualification for appointment can be given by contacting Amanda Chadwick, Human Resources Manager or Jane Saunders, Human Resources Administrator at: hr@osteopathy.org.uk.

Conflicts of interest

You should note the requirement to declare any conflicts of interest when applying for a role and the need to declare any conflicts that arise once in post if successful. This includes the need to declare any relevant business interests, positions of authority or other connections with organisations relevant to the business of GOsC.

Any actual or perceived conflicts of interest will be fully explored by the appointment panel at shortlisting or interview stage. Guidance about conflicts of interest is set out in the [GOsC Governance Handbook](#).

Finding out more about the roles

We are keen to encourage applications from people with varied and diverse backgrounds. For candidates who do not have previous experience in similar roles, you may have a range of additional questions that cannot be answered in an information pack.

To help answer additional questions, we are offering an [online briefing for candidates](#). This will provide you with an opportunity to hear from current members of our committees. You can find further details below.

Online briefing event:

We plan to hold the briefing on Wednesday 19 April 2023, from 6pm to 7pm. Andrew Harvey, who is the Chair of our Professional Conduct Committee and Health Committee, will be joined by a lay and an osteopath panel member, and they will describe the work of the committees and the vacant roles; but the emphasis for the evening will be on answering questions from candidates. It will be possible to submit questions on the day or in advance. [Find out more and sign up](#)

Opportunity for short-listed candidates to observe a public hearing:

We will do our best to accommodate anyone who is short-listed. Short-listed candidates will be provided with more details of how to book when they are invited to interview.

- **By end of August 2023**, we aim to have made a decision about which candidates will be invited for interview, taking into account the evidence provided in your application. Interviews will take place in person in London on **Thursday 21 September 2023, Tuesday 26 September 2023 and Wednesday 27 September 2023**.
- Prior to your interview, you will be asked whether you require any 'reasonable adjustments' to be made to facilitate your participation in the process.
