

Self-assessment tool

Once you have reflected on the questions, you should indicate your level of ability to demonstrate achievement.

There are three options: green, amber or red. You should work your way through the self-assessment questions and tick the colour that you feel applies.

GREEN I am confident I can provide evidence to support achieving the Revalidation Criteria.

AMBER I am not fully confident I can provide enough evidence to support achieving the Revalidation Criteria, and I may need to do some further work on this aspect of my practice.

RED I am not confident I can provide enough evidence to support achieving the Revalidation Criteria. I will definitely need to do some further work on this aspect of my practice.

Theme 3 Safety and quality in practice

Revalidation Criteria

Can you provide evidence to support that you:

- 3.1 Critically gather and record a broad range of sufficient verbal and non-verbal evidence in a professional, patient-centred fashion.
- 3.2 Make robust and safe assessments, recognising the need for clinical tests when appropriate.
- 3.3 Apply a safe and competent osteopathic approach.
- 3.4 Show critical awareness of the effectiveness and risk indicators of osteopathic management and respond appropriately.
- 3.5 Apply appropriate solutions in practice to issues surrounding patient modesty within current norms for assessment and effective osteopathic care.
- 3.6 Ensure that the environment is safe. Adhere to data collection guidelines and ensure full, accurate and timely patient records and data collection are maintained, in line with contemporary legal requirements.
- 3.7 Avoid, minimise and control difficult situations.
- 3.8 Apply appropriate complaints procedures, when necessary, ensuring relevant others are aware of these procedures.

Theme 4 Professionalism

Revalidation Criteria

Can you provide evidence to support that you:

- 4.1 Understand and respect the role of other healthcare professionals and support a climate that allows the choice of multi-professional care when appropriate.
- 4.2 Work within the parameters of the *Osteopathic Practice Standards*, acknowledge your limitations and recognise when to seek advice or to refer.
- 4.3 Competently seek current information to inform your osteopathic practice.
- 4.4 Document all relevant information about patient management and your osteopathic practice.
- 4.5 Care for and manage your patients in a manner that complies with equality and anti-discrimination laws.
- 4.6 Care for and manage your patients in a manner that abides by the *Osteopathic Practice Standards*.
