To ensure a fair and transparent recruitment process, applicants are expected to provide responses that accurately reflect their own knowledge, skills, experience, and personal views.

Applicants may use Artificial Intelligence (AI) tools to assist with spelling, grammar and formatting. However, all content and examples provided must be the applicant's own and must genuinely reflect their experience, knowledge and abilities.

Applicants may be asked to discuss or elaborate on their responses during the assessment process. Where information is found to be misleading or does not accurately represent the applicant's experience, the application may be withdrawn from consideration.

Competencies section

The competencies in the information pack will be assessed through completion of this application form.

You have a maximum of 250 words to answer each question in this section. If you exceed the word limit you will not be able to proceed with your application.

Please be aware that if you are preparing your answers in Microsoft Word, at the moment the total word count might not match the word count in the Jisc Online Surveys system. If when you paste your answer from Word into the space provided the word counter remains at zero, or if you are told you have reached the word limit, you will need to delete some spaces, punctuation or words in the box to be able to continue with your application. We hope this guidance will make it easier for you to complete the online forms.

Please do not use bullet points on your application form because the online form will generate these into an amalgamated block of text making it difficult for the panel to read.

Please note that information submitted by you for this role will be processed in accordance with our Privacy Policy.
